

HOLY FATHER'S ADVICE AND BLESSINGS DURING THE UNIVERSAL GLORIFICATION EXERCISE OF THE HOLY MOTHER, ELIZABETH ESU OLUMBA OBU, HELD AT THE BCS-WHQS, 34 AMBO STREET, CALABAR, THURSDAY 1st OCTOBER 2009

My Beloved Brethren,

Let My peace profound and grace multiplied abide with you all in the name of our Lord Jesus Christ.

There are no words to thank The Almighty Father for coming with His heavenly family at this time of world history to dwell with men on earth and for those He has availed the privilege to come into the awareness of His physical presence. This assertion sounds most unbelievable and even sacrilegious in the ears of the carnally driven humanity but the truth remains that it is eternally an undisputable reality.

My gratefulness to Him is the more heightened for His physical dualization as God The Father to achieve the spiritual growth of man and as The Mother God to effect the material advancement of the Kingdom and the physical well being of all believers.

I told you that the heavenly host and creatures from all planes of manifest are already here as they cannot wait to take part in the blessings associated with the glorification of The Mother of all Creation.

Last night I reminded you also of the fact that if those of mankind still blinded by religious dogmatism and self-conceit still worship the moulded image of the Virgin Mary, through whose **"HOLY WOMB"** salvation came to the world and who exited the physical Body over 2000 years ago then those of you who believe in the divinity of the BCS has every reason to avail **"the EVE of our time"** and **"The Virgin Mary of The New Age"** who has brought back The First Begotten Son of God into the world presently the highest adoration, honour, respect and worship. Of course man can never avail Her commensurate honour considering Her immeasurable love, mercy, kindness and selfless service made to support The Holy Father's mission in the world which has given you all the chance to be numbered among the elects and children of God's Kingdom. This gathering therefore is meant to give Her due glory, honour and adoration for Her invaluable contributions towards the moral and spiritual elevation of the BCS members and the society at large.

The Holy Mother's lifestyle characterized by intrinsic simplicity, understanding, passion, forbearance, unassuming humility and love immersed under great force of self-control, power and authority reveals Her as outstanding among all the daughters of men that has walked the earth surface since creation.

Through Her, the spiritual, moral, domestic and social expectations of both the women and the men folk within and outside the fold was given a more practical colouration and value. The little children also saw in Her the height

of tender care resulting from Her soothing and encouraging admonitions towards uprightness, honesty, hardwork and fear of God.

Her sense of industry has till date remained the driving force behind the success of most farmers, traders, business men and women, civil servants, students, even people in the government and those engaged in various vocations.

The brethren who have left their parents to serve God cannot help confessing the strength and faith they derived from her motherly care and advice aimed at enabling them fulfill their God-giving-assignment as priests. Through The Mother's Divine Grace and Mercy, the orphans found their mothers in Her; the destitutes, the mentally and the physically impaired, the sick, the rejected and the outcasts found their good health, as well as their dignity as part of humanity again. Through Her the jobless gained employment; the miseries of the barren turned into laughter; the uneducated and the despised, got their education gratis, and became people to be reckoned with in the society again; through The Mother some prisoners who had no one to fight for their freedom regained their freedom.

Aside from Her priceless humanitarian contributions in propagating The Father's mission, Her strides towards spreading the goodnews of the Kingdom by sponsoring missionary activities and building of places of worship for the children of God remains incomparable. As the personality of the God Mother, Her sacrifices generally portrays Her as a Divine Evangelist of the Moral and Spiritual Laws of The Heavens. Also as the Inspirational Compass from God, our Mother remains a source of solace, strength and hope for all irrespective of tribe, class religion or race.

Therefore the highest pitch of our voices cannot be equated with the level of adoration and reverence She deserves knowing that Her voice urging the children of men out of evil towards love, kindness, goodwill and mercy to one another still echoes from the hearts of those privileged to have received Her words which carries the earnest yearnings of a Mother desiring that Her children should realize the depths of The Father's love and embrace His teachings and gain the wealth of spirituality and material prosperity.

Reflecting over the foregoing it behoves therefore on you all and the rest of humanity to consider how much you have taken advantage of The Holy Mother's footsteps to align yourselves to Her examples and that set by The Father.

Celebration comes from joy and joy is the fruitage of hardwork. Her selfless works and lifestyle has formed the foundation for the enduring joy and prosperity of the children of obedience. Therefore today definitely is not carved out for preaching but a day to laud our praises and express our respect, honour and adoration for The Divine Womb through whom The Great Judge and Ruler of the Nations and Planets of The Cosmos has been revealed to mankind; also it is a day meant to express our joy and heart of gratitude to God for the rare privilege granted us to witness as well as

become part of the divine process involving The Mother God in the establishment of God's Kingdom on Earth. It is a day that all who have come to this understanding should come out to appreciate God with all that He has placed in their custody be it spiritual or material; be it through songs of praise to Him, preaching about His power, authority and love to mankind, visiting the orphans, the prisoners, the sick and the less privileged generally and helping them out of their problems; Your joy can also be expressed by resolving to forgive all your offenders and staying at peace with all; it can also be portrayed by deciding to desist forthwith from the practice of diabolism aimed at frustrating the peace, good health and progress of your brethren; You can equally express your gratitude to The Father and your joy in Him by deciding to flee gossiping, blackmailing others, sowing seeds of division here and there and suppressing the truth and the rights of your brethren. This joy and your love for The Holy Mother can further be shown by being zealous in good works and selfless in promoting Her good works in your respective Bethels and all over the world. In fact there can be no end to the various channels through which you can show your belief in The Father and your love for Our Dear Holy Mother.

You have been privileged to become part of the history of the establishment of God's Kingdom on Earth not by your personal desire or by your works of righteousness but through the divine grace and mercy of God. What greater love can be shown to you than for you to rise above the propensities and limitations of the flesh which is the lower man into the realm of the higher man ruled by the righteousness of The Holy Spirit through self denial and love for humanity. If you shall do this you shall be counted among the blessed of the Earth else you will have yourself to blame. It is in line with the above, that I wish to remind you of the words of Christ in **John 17:12** which says: ***"those thou gavest Me I have kept, and none of them is lost, but the son of perdition; that the scripture might be fulfilled"***. My words of assurance to you today therefore is that I will never deny you so long as you remain obedient and loyal to The Father in the name of our Lord Jesus Christ. It is in this vein that Christ said that ***"I have come to give you life and more life in abundance"***. Now are the words of Christ made manifest. If you believe in the divinity of The Father God, that of The Son and His Rulership as well as in the sacredness of The Mother God whose glorification we celebrate today know it that the abundance of Their heavenly wealth and blessings have been released unto you today not because you deserve it but because you believe and declare The Holy and New Name of The Trinity God every day amidst all calumny, persecution and vilifications by the world. You have every reason to be joyful and thankful because, the powers that be are now subject unto you in the name of our Lord Jesus Christ. You have all cause to rejoice because The Mother's Glorification exercise held at the instance of the Christ Universal Mercy Fellowship Week has initiated the endless joy of the righteous and faithful servants as well as the reward of all those who have vowed to remain in wickedness in the name of our Lord Jesus Christ. The Nigeria National Week cum the Christ Universal Mercy Fellowship Week is still in progress and the

spirit of the week is assigned to manifest The Father's will in the affairs of the BCS in Nigeria as a whole and the world at large hence you are enjoined to remain faithful and obedient so that you can witness the unfolding events in laughter rather than in tears. The blessings and reward following The Mother's glorification has engulfed the whole world and same is continuous because the will of God must be done here on earth as it is in heaven.

I express My heart of gratefulness to the organizers of today's occasion. I thank every one of you for your steadfastness since your call and for your respective endeavours geared at propagating the goodnews of the Kingdom and its development in your various areas. I remain grateful to Him for the host of the Universe He has congregated here to witness today's event. By this reason, you have all been totally discharged and acquitted from all your problems and ailments be it spiritual or carnal. Our Mother's bowels of mercy and prosperity are now made open to you so long as you abide in purity, good works and you uphold the zeal to use same to propagate this Kingdom. I hope to see you all during the Grand Finale, on the **3rd of October 2009**.

Let My peace and blessings abide with you all and all seekers of the light of God now and forevermore, Amen.

Thank You Father.

His Holiness Olumba Olumba Obu

The King of Kings and The Lord of Lords

Chairman BCS Executive Council/Head of Administration
